# Aydın City In Aegean

Aydın is an important city for Turkish tourism with its counties having a lot of cultural, historical and touristic places. Besides Kusadası and Didim which are very active especially in summer and should be seen, there are a lot of places to see also in Aydın.

Long beaches, five-star hotels and holiday villages. Kusadası is a big destination center by itself. Didim is important for its cultural inheritances and summerhouses. The historical places like the Ephesus, Apollon Temple and Selçuk are enhancing the area's fame.

Afrodisias, Akaraka, Alabanda, Alinda, Antiokheia, Dydyma, Magnesia, Milet, Nysa, Priene, Tralles which are known all over the world.

Aydın is also special for its health resorts. Gümüşköy, Germencik and İmamköy hot springs are said to be healing rheumatism, skin and heart problems.

A variety of fruits & vegetables are grown on the [fertile](#) lands of Aydın province, especially figs and olives are world known. The city is also rich in [folklore](#) . "Zeybek" is the traditional play of Aydın and around, played with the groups of two, four, six or nine.

Thank You
